WHO DO WE HELP?

Individuals and families located in Oakland, Macomb, and Wayne counties who are experiencing temporary economic crises due to the death or disability of the main income earner. Often these families may receive little or no public assistance and are in-need of job placement and transition services as they face unforeseen circumstances. Our goal is to help families through difficult times of transition to allow them to become self-sufficient.

HOW DO WE HELP?

With funds generated from private and public donors:

- ❖ *We operate a food bank which provides necessary foodstuffs to individuals and families on a weekly basis.*
- ❖ *We coordinate medical and dental services, as well as transportation to appointments for individuals who cannot afford or do not have access to health care.*
- ❖ *We provide temporary financial support to a number of families who are experiencing a temporary decline in income due to a life event (Death, disability, etc.)*
- ❖ *We award scholarships for those pursuing higher education who do not qualify for government or student loans.*
- ❖ *We provide guidance, job placement and coordination of services for those who have found themselves in economic crisis.*
